

# PDP60xx

## 6-channel

## Portable

## Dimmer Pack

The PDP60xx unit is a 6-channel dimmer for dimming of various light sources. It can be controlled via the menu with the encoder and two pushbuttons, DMX true 3/5-pin DMX connectors or via wireless DMX. This unit is ideal for applications requiring a small device or to have a DMX installation via wireless connection.

### Power supply

AC3x230/400V / 43-60Hz, 3x50A max

### Operating temperature

-10 °C to +45 °C

### Housing

Steel; with black powder coating

### Dimensions & Weight

600 x 273 x 140mm, 13.9kg  
(including handle and sockets)

### Warranty

5 years

### PDP60XX features:

- Single-phase operation
- 6x dimmer output
- GFI 30mA or Main switch
- 6x 6/10/13 power module
- 16x recordable scene that can be played
- DMX lost / Power cycle
- Fan runs only at critical temperatures
- Wide setup options (limits, preheat, curves)

### Optional features:

- Wireless DMX
- 1P+N protection of outputs
- 3-phase AC400V operation
